AGREEMENT

A. Pledge of Patents, Trademarks, Copyrights and Licenses. With respect to the Company, to secure the payment and performance of the Obligations under the Credit Agreement, the other Loan Documents and any Rate Management document, and with respect to each other Grantor, to secure the payment and performance of its obligations under the Guaranty, and for other good and valuable consideration, receipt and sufficiency of which is hereby acknowledged, and to further evidence the Agent's security interest in the Collateral (as defined below), each Grantor hereby irrevocably grants to the Agent, for the benefit of itself and the other Secured Parties, a security interest in and to all of such Grantor's right, title and interest in all of the following items now owned or hereafter acquired or arising (the "Collateral"):

1. All patents and patent applications on the inventions and improvements described and claimed therein, and including, without limitation, those patents (if any) listed on Schedule A attached hereto; (a) all reissues, divisions, continuations, renewals, extensions and continuations-in-part of the patents; (b) all income, royalties, damages and payments now or hereafter due and/or payable with respect to the patents, including, without limitation, all damages and payments for past or future infringements of the patents however arising and payable; (c) all rights to sue for the past, present and future infringements of the patents; and (d) all rights arising from or corresponding to the patents throughout the world. All of the foregoing are collectively referred to hereinafter as the "Patents."

2. All trademarks, service marks, trademark and service mark registrations, trade names, service mark applications, including, without limitation, the trademarks and service mark applications and registrations (if any) listed on Schedule B attached hereto; (a) all renewals of any of the foregoing; (b) all income, royalties, damages and payments now or hereafter due and/or payable with respect to the foregoing, including, without limitation, all damages and payments for past or future infringements of same; (c) all rights to sue for the past, present and future infringements of the foregoing; and (d) all rights corresponding to the foregoing throughout the world to the extent available to such Grantor. All copyrights, copyright registrations, all mask work, database and design rights, whether or not registered or published, all registrations and recordings thereof and all applications in connection therewith including, without limitation, those registered copyrights listed on Schedule C attached hereto; (a) all renewals of any of the foregoing; (b) all income, royalties, damages and payments now or hereafter due and/or payable with respect to the foregoing, including, without limitation, all damages and payments for

past or future infringements of same; (c) all rights to sue for the past, present and future infringements of the foregoing; and (d) all rights corresponding to the foregoing throughout the world to the extent available to such Grantor. All of the above are collectively referred to hereinafter as the "Copyrights".

4. All licensing, distribution, royalty and exclusive dealing agreements with any other person or entity, including, without limitation, the licenses and agreements (if any) listed on Schedule D attached hereto (hereinafter the "Licenses"), and the right to prepare for advertise and sell all goods covered by such Licenses to the extent not prohibited by an enforceable restriction to collaterally pledge the Licenses pursuant to the underlying agreements relating thereto or, if necessary, has obtained the consent of the licensor under such Licenses.

5. The goodwill and trade secrets of each of such Grantor's businesses connected with and/or symbolized by the Patents, Trademarks, Copyrights and Licenses (hereinafter "Goodwill").

If, before the Obligations are paid and satisfied in full, the Revolving Loan Commitments terminated and the Loan Documents being terminated, such Grantor acquires, develops or otherwise obtains rights to any intellectual property of the types described above, the provisions of this Agreement shall automatically apply thereto and such Grantor shall give the Agent prompt notice thereof in writing. Each Grantor hereby authorizes the Agent to modify this Agreement by amending any applicable Schedule to include any subsequently acquired or developed intellectual property.

B. Grantor's Ownership of Intellectual Property. Each Grantor represents and warrants that (i) it is the sole owner of all of the Patents, Trademarks and Copyrights (except as may be disclosed in the Schedules attached hereto) and (ii) has the right to use all Licenses, and, in each case, has the right to grant the Agent a security interest and to pledge and mortgage same to the Agent. Each Grantor hereby agrees that the Agent's rights in and to the Patents, Trademarks, Copyrights and Licenses now or hereafter pledged to Secured Party shall be worldwide to the extent of such Grantor's rights with respect thereto.

C. Disposition of Intellectual Property. Upon the occurrence and during the continuance of an Event of Default under the Credit Agreement or the other Loan Documents, the Agent may sell, assign or convey any or all of the Patents, Trademarks, Copyrights and/or Licenses, with corresponding Goodwill, to any purchaser(s).

D. License to Use Patents, Trademarks, Copyrights and Licenses. In addition to Secured Party's other rights and interests herein, each Grantor grants to the Agent and each Lender, upon the occurrence and during the continuance of an Event of Default, a non-exclusive, royalty-free transferable license and right to use the Patents, Trademarks, Copyrights and Licenses, to the extent such Grantor has an interest therein, for the purpose of permitting the Agent to manufacture and/or dispose of the Collateral (as defined in the Security Agreement).

E. Waiver of Payments by the Agent. The Agent and the Lenders shall have no liability to any Grantor or any other party for any royalties or other charges arising from the

Agent's use or disposition of the Patents, Trademarks, Copyrights and/or Licenses (including under any of the Licenses). The Grantors hereby indemnify the Agent and the other Secured Parties from any royalties, expenses, charges, and/or liabilities incurred by the Agent or the other Secured Parties under this Agreement, the Security Agreement or any other Loan Document (or otherwise) and from any litigation, claim action and/or proceeding against the Agent and the other Secured Parties regarding the use and/or disposition of the Patents, Trademarks, Copyrights and/or Licenses (including, but not limited to, reasonable attorneys fees).

F. Termination of Pledge and License. The term of the security interest and license granted to the Agent herein shall expire upon the earlier of: (1) the expiration of each of the respective Patents, Trademarks, Copyrights and Licenses pledged hereunder; or (2) full satisfaction and payment in full of the Obligations, termination of the Revolving Loan Commitments and termination of the Loan Documents. Upon payment in full of the Obligations, termination of the Revolving Loan Commitments and termination of the Loan Documents, the Agent, at the Grantors' expense, shall execute and deliver to the Grantors all satisfactions and other instruments as may be necessary to release the Agent's security interest under this Agreement.

G. Duties of the Grantors. Each Grantor shall, as it deems reasonably necessary and appropriate in the normal course of its business: (1) pay all taxes, fees or other amounts necessary to maintain in full force and effect all of the Patents, Trademarks, Copyrights and Licenses; (2) prosecute diligently any Patent, Copyright and/or Trademark rights and/or application acquired by such Grantor now or hereafter; (3) make application on all patentable inventions and on all Trademarks and Copyrights, as appropriate; (4) diligently file and prosecute any continuations, continuations-in-part, applications for reissue, applications for certificate of correction, affidavits of use, proofs of use, renewals and like matters and otherwise preserve and maintain all of the Agent's rights in and to the Patent(s), Trademark(s), Copyright(s) and License(s); and (5) promptly notify the Agent in writing of any new Patent, Trademark, Copyright or License, or any material change in the status of such Grantor's interests in any Patent, Trademark, Copyright or License. All expenses incurred in fulfilling such Grantor's duties hereunder shall be borne solely and exclusively by such Grantor. The Agent and the other Secured Parties shall have no obligation or liability to pay any taxes or fees regarding the Agent's interest in or use of the Patents, Trademarks, Copyrights or Licenses; nor shall the Agent and or any other Secured Party have any duties in connection with application for, protection and/or maintenance of any Patents, Trademarks Copyrights or Licenses. The Grantors shall not abandon, forfeit or dedicate to the public any rights in and to any patentable invention or in any material Patent, Trademark or Copyright in which a Grantor has an interest without prior written consent of the Agent.

H. Delivery of Source Code. To the extent any of the Collateral constitutes, incorporates or is used in connection with any software programs or computer based applications, each Grantor agrees to deliver to the Agent a copy (on diskette or other tangible medium satisfactory to the Agent) of the source code for such software and/or computer applications upon request and at no charge to the Agent.

I. Entire Agreement Waivers. This Agreement, together with the Security Agreement, constitutes the entire agreement of the parties hereto. No provision of this

Agreement may be waived or modified in any manner (including this paragraph) without the prior written consent of the Grantors and the Agent. No course of dealing between the Grantors and the Agent, nor any failure to exercise, or any delay in exercising, on the part of the Agent, any right or privilege hereunder shall operate as a waiver of such right or privilege, or preclude the Agent from any other or further exercise of any right or privilege.

J. Cumulative Remedies. All of the Agent's rights and remedies with respect to the Patents, Trademarks, Copyrights and Licenses, whether established hereunder or by the Security Agreement, or by any other agreements or by law, shall be cumulative and may be exercised singularly or concurrently. Foreclosure and disposition of the Agent's rights and interests in the Patents, Trademarks, Copyrights and Licenses may be made pursuant to the Security Agreement, the UCC and other applicable law.

K. Syndicated Lender Provisions. The obligations of the Lenders are several and not joint and the rights of any Lender to exercise any rights, remedies and powers granted to the Agent hereunder are subject to Section 8 of the Credit Agreement in all respects; and in the event of any conflict between this Agreement and the Credit Agreement as to the rights, obligations, duties and activities of the Agent and the Lenders shall be governed by the Credit Agreement, but in no event shall any conflicts between or restrictions on the exercise of any rights or remedies as between the Agent be assertable by any Grantor against the Agent or any of the other Secured Parties in any proceeding or in anyway affect such Grantor's performance and payment of its obligations hereunder and any and all indemnities and duties of such Grantor owing to the Secured Parties notwithstanding anything to the contrary herein.

L. Miscellaneous.

1. This Agreement and the rights and obligations of the parties hereto shall be governed by, and construed and interpreted in accordance with, the law of the State of New York.

2. EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES TRIAL BY JURY IN ANY SUIT, ACTION OR PROCEEDING WITH RESPECT TO, OR DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH, THIS AGREEMENT, ANY OTHER LOAN DOCUMENT OR THE TRANSACTIONS CONTEMPLATED HEREIN OR THEREIN OR RELATED THERETO (WHETHER FOUNDED IN CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO OTHER PARTY AND NO RELATED PERSON OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS PROVISION.

3. EACH GRANTOR AGREES TO BE BOUND BY THE PROVISIONS OF SECTION 9.11 OF THE CREDIT AGREEMENT.

4. All communications or notices required or permitted by this Agreement shall be in writing and shall be given in the manner provided for the giving of notice in the Credit Agreement.

5. In the event that any provision hereof shall be deemed to be invalid by reason of the operation of any law or by reason of the interpretation placed thereon by any court, this Agreement shall be construed as not containing such provision, but only as to such locations where such law or interpretation is operative, and the invalidity of such provision shall not affect the validity of any remaining provision hereof, and any and all other provisions hereof which are otherwise lawful and valid shall remain in full force and effect.

6. This Agreement shall be binding upon the successors and assigns of each Grantor and shall inure to the benefit of each Secured Party and their successors and permitted assigns; provided, however, that no Grantor may assign, transfer or delegate any of its rights or obligations under this Agreement without the prior written consent of the Agent.

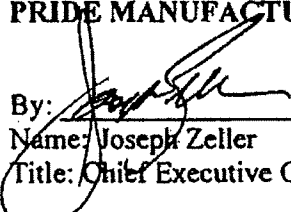

7. This Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Signature pages may be detached from multiple separate counterparts and attached to a single counterpart. Delivery of an executed signature page of this Agreement by facsimile transmission or by other electronic transmission shall be as effective as delivery of a manually executed counterpart hereof.

M. Additional Grantors; Additional Pledged Collateral. If, pursuant to the Credit Agreement (including, without limitation, Section 5.13 thereof), any Subsidiary that is not a Grantor shall become a Grantor hereunder, such Subsidiary shall execute and deliver to the Agent a Joinder Agreement substantially in the form of Annex I and shall thereafter for all purposes be a party hereto and have the same rights, benefits and obligations as a Grantor party hereto on the Closing Date.
